

# THE ROYAL BATH & WEST SHOW

## EQUINE INFLUENZA

Horses must have been vaccinated to comply with the requirements of the primary course (1st vaccination and then 2nd vaccination between 21 – 92 days later), followed by the first booster (150 – 215 days) and all subsequent boosters. Horses may compete having received the primary course and prior to the first booster but not within 7 days of receiving a vaccine dose.

Horses must have been vaccinated within 6 months before the show but not less than 7 days of arriving at the show

### Foals

In-foal mares that have already had vaccinations of primary Equine Influenza course should be vaccinated 4-6 weeks before the foal is due to be born.

Foals should be vaccinated for Equine Influenza at 6 months to commence their primary course.

We urge all owners to adhere to strict biosecurity protocols at all times.

Vaccinations are subject to local risk assessments by the attending veterinarians.

*Please do not send vaccination certificates or passports to the show office prior to the event.*

*Random checks will be carried out on the showground during the day.*
